Release Date Notification

Three weeks prior to the buildings' release all email addresses on the Tucker's Walk VIP list will receive an email notification. At that time, we will have full details on pricing and lots, and VIPs will have an opportunity to opt-in to the lottery process over the course of one week.

The Lottery Process

From those who opt-in to the lottery, and have pre-qualified for a mortgage, names will be chosen at random to determine the order in which they may sign a contract on the sales release day. The first twenty names drawn will be made aware of their order number, the office location, and time when appointments will begin on the sales release day.

Sales Release Day

On the sales release day, appointments will take place in person, in the order in which names were drawn in the lottery. If a name is called and the individual is not present, the appointment will be given to the next name on the list.

Please Remember

All available information is posted on the Tucker's Walk page of Meeting Street's website. No additional information will be available until three weeks prior to the release. No appointments or tours will be scheduled prior to the release.
